

1 **EFGP 3rd Congress, Berlin – Draft Resolution**

2 Tabled by Green Party of England and Wales

3
4 **IRAQ & WEAPONS OF MASS DESTRUCTION**

5
6 The EFGP condemns the continued attacks on Iraq by forces of the USA and UK, and calls for
7 them to end forthwith. The EFGP will oppose further attacks on Iraq under the guise of the 'war
8 on terror' or otherwise. These attacks, and the prospect of them, encourage the very armament
9 programmes they purport to deter.

10
11 The EFGP calls on all states, including Iraq, the USA and UK, to renounce weapons of mass
12 destruction, to place such weapons beyond use, and to end their development and manufacture.
